Our Regional Roundtable Objectives:

Participants will ...

- Become familiar with PEPNet's mission
- Meet a new colleague in the region
- Gain at least one new insight or resource for improving your services for students who are deaf or hard of hearing

PEPNet

“Gain at least one new insight or resource for improving services for students who are deaf or hard of hearing.” Look at things differently. My example unrelated to deafness: “eco-friendly streetlights” in Germany.

A Lemgo, Germany citizen came up with a brilliant solution which serves both needs of saving funds and lighting the streets for pedestrians late at night: A mobile application. Just send an SMS to the streetlight. They turn the streetlights off at 11:00 pm.

PEPNet's

three-pronged approach improves educational access for students who are deaf or hard of hearing.

Technical Assistance & Dissemination
Linking state, regional, and national educators, service providers, individuals, and technologists in a cooperative network.

Personnel Development:
Creating and promoting training opportunities for education and rehabilitation professionals on transition, secondary, and postsecondary educational services for students who are deaf.

Technology Utilization:
Demonstrating technology that provides access to and accommodations within programs for individuals who are deaf.
